Receive unparalleled support with Acuity's dedicated team, ready to assist you at every step.

## Enhanced Security

Safeguard your financial data with state-of-the-art security measures inherent in Sage Intacct's cloud infrastructure.

# Acuity Customer Success Stories!

## Global Recruiter migrates from Sage 50 to Sage Intacct with Acuity and achieves:

- Consolidating data across multiple international entities in minutes.
- Saving days of time on reporting, directing the additional time to planning and growth-building activities.
- No more system-related compromises; Intacct easily handles their multi-currency and inter-company management.
- Instant insights via intuitive dashboards, assisting with decision-making and forecasting.

## The results? The Company's Commercial Director stated:

“ Now our conversations are more about forecasting and building on numbers and results. The time we save on reporting can be better-used elsewhere. ”
